

# Share the Journey

No one should be forced to flee their home.

---

Every minute, 31 people are forced to leave their homes. The majority of them live in the poorest countries in the world under extremely difficult conditions.

Armed conflict, climate change, development megaprojects, persecution... The causes of forced displacement are multiple, interwoven and complex.

It is time to step up!

In solidarity with the 68.5 million forcibly displaced children, women and men around the world, we will walk a total of 40,075 km, the equivalent of the Earth's circumference, by August 31, 2019.

I will share the journey by walking for those in exile.

Walk, sign or donate: you too can make a difference!

**Without inclusive and participatory democracies that respect human rights, forced migration will only increase.**

Dear Prime Minister,

Canada needs to do more to address the root causes of forced migration.

In addition to providing humanitarian aid for refugees and their host countries, I am asking you to make a commitment to:

- Support grassroots organizations working for peace, democracy and human rights.
- Invest more in diplomatic and peaceful solutions to armed conflicts.

No one should be forced to flee their home.
