

# Prayer to the Holy Spirit

O Holy Spirit, you hovered over the deep at the dawn of creation.

You fashioned time and space itself in the initial magnificent flaring forth.

You breathed life into all beings and you continue to dwell and work in all creation to sustain that life.

Be with us now at this critical moment of our history.

Open our ears to the cry of the earth,  
suffering the effects of human exploitation and unbridled consumption.

Open our ears to the cries of our brothers and sisters  
living in the midst of extreme poverty and hunger.

Give us a deeper awareness that we are part of all that you have made,  
that we are intimately connected to all that has been,  
all that is and all that will be.

Grant us a spirit of awe and wonder as we contemplate  
the marvels of your creation, recognising and giving thanks  
for your presence within and around us.

Give us a deep respect for all life and help us to renew  
our commitment to foster life wherever we are.

Give us the courage to denounce all that disfigures your creation  
and to commit fully to caring for our earthly home  
and for all the created beings we share it with.

May we live lives characterised by compassion  
and service and may we embody your love  
in our relationships with one another  
and with all Creation.

Amen.
